

The Fire from Within

Fire from Within is the authors most brilliant thought-provoking and unusual book, one in which Castaneda, under the tutelage of don Juan and his disciples, at last constructs, from the teachings of don Juan and his own experiences, a stunning portrait of the sorcerers world that is crystal-clear and dizzying in its implications. Each of Carlos Castanedas books is a brilliant and tantalizing burst of illumination into the depths of our deepest mysteries, like a sudden flash of light, like a burst of lightning over the desert at night, which shows us a world that is both alien and totally familiar -- the landscape of our dreams.
