

Angels Footprints: A Short Story Collection (Volume 1)

We have all faced moments in our lives when we think that we cannot go any further, when we have given all we can, things seem hopeless and we have no idea of what we should do. It is at these very moments that Gods messengers, His angels are sent to us as our protectors. What a great comfort and feeling of security we realize as the angels are encamped around each of us prepared to deliver us from dashing our feet against the stones of life. This fictional short story collection is about people from all walks of life, people who could go no further, who had all but given up, and were not too sure what they should do. These people were delivered from whatever they were faced with just like Daniel was delivered from the mouth of the lion by an angel of the Lord. Thank you for angels.
