

## Reach for the Sky: The Story of Douglas Bader, Legless Ace of the Battle of Britain (Bluejacket Books)

Douglas Bader was a legend in his lifetime. After losing both legs in an air crash in 1931 and being dismissed as a cripple by the Royal Air Force, he fought his way back into the cockpit of a Spitfire to become one of the great heroes of the Battle of Britain. This inspiring biography of the famous World War II fighter pilot, first published in 1954, has a following of faithful readers who come back to the book time and again to re-read, share with their children and pass along to friends. Not many books have made such an impact on peoples lives. Baders story is so extraordinary that no one would dare invent it, and Brickhill succeeds in matching the excitement of Baders war deeds with the triumph of his greater battle over a severe handicap. Told he would never walk without a cane, Bader learned to dance, swim, golf, and play tennis. Told he would never fly again, he became not only one of the RAFs top combat pilots but a squadron leader and innovator of fighter tactics that helped win the Battle of Britain. Among the thrilling incidents chronicled in the book are Baders first successful encounter with an enemy plane, his own shoot down, and his succession of escapes from German prisons.
