

## Darkness Be My Friend (Tomorrow Book 4)

Ellie and her friends had been rescued. Airlifted out of their own country to the safe haven of New Zealand, theyd arrived burnt and injured and shocked, with broken bones, and scars inside and out. They did not want to go back. But five months later the war is not over, the nightmares continue, and there are two compelling reasons for them to return: a planned sabotage of the air base in Wirrawee and, most important, the families they left behind. In this most recent episode of the tale begun in Tomorrow, When the War Began and continued in The Dead of Night and A Killing Frost, John Marsden takes us back to Hell, the outpost for a group of teens in a war-ravaged country. Fans of this powerful series will not look forward to an early armistice. (The Bulletin)
