

The Sports Coach as Educator: Re-conceptualising Sports Coaching

Teaching athletes to improve their performance is the essence of sports coaching. In response to new government-led initiatives to invest in and develop coaching, this book is the first introduction to pedagogical theory for coaching. Bringing helpful insights from educational theory to bear on coaching practice, *The Sports Coach as Educator* expands and enriches the role of the coach and allows professionals to approach their work in new and inventive ways. Exploring the nature of coaching, this text covers: educational concepts in coaching, teaching and leadership, athletes learning, coaching communities and the social process, reflective practice, mentoring, developing expert coaches.
