

The Naked Lawyer

The Naked Lawyer: In this first edition of The Naked Lawyer, Michael Carroll draws off decades of experience in the Lawyers Professional Liability insurance business to tell a series of tales - sad but true - that demonstrate how insurance generalists are not equipped to design policies to properly protect Law Firms. Its not because they dont mean well; its because Law Firms are subject to their own unique - and sometimes devastating - risks. In The Naked Lawyer, Michael Carroll shares with his readers not only how they can protect themselves against the fatal gaps that can devastate their lives, but do so without the burden of heavy premiums.
