Mick - Fifty Shades of Gay - Explicit Erotica, is a masterpiece, epic saga of homosexual pornography. We follow Mick from his teenage years to maturity, as he encounters one gay porn adventure after another. Interwoven through the story is a homosexual romance between the two main characters, who struggle to balance their sexual desires with their love for each other. This fast-paced novel hurls the characters from one sexual encounter to another in riveting and explicit detail. This is an XXX-rated novel and not intended for those who are under age or who are offended by male/male gay pornographic fiction. Also included are some bisexual porn scenes and male/female erotic encounters, the pornography is described in uncompromising detail. But this book is not just gay pornography. As well as being homosexual porn, this novel is written in a way rarely found in homosexual fiction. The inner feelings described, give the reader an exciting insight into gay romance, making this a satisfying and stimulating read on both the homoerotic and emotional levels, that is rarely found in gay erotic fiction. Here we find straight men delving into their homoerotic natures and gay men doing what gay men do! The author, Richard Peters, is a prolific writer of erotic fiction. His works, while containing explicit, gay, erotic porn descriptions never fail to move his readers emotionally. This particular title, Mick - Fifty Shades of Gay - Explicit Erotica, was his first novel, written in the mid nineteen-nineties and has been brought up to date for the Kindle-age. He has, since then, written many other novels and short stories and they will all be produced, one by one, for the Kindle. His favourite themes, like in this first novel, tend to concern themes of straight men being seduced by other straight, bisexual or gay men. He likes to investigate the sexuality of his characters, as he believes sexuality is

not a simple black and white dichotomy (gay/straight). He believes there are many shades of grey in between. His exciting work is for the discerning gay reader as well as for other adventurous males, willing to explore the edges of their sexuality. Couples too, will find arousing material concerning male and female sexuality if they are brave enough to explore.
