

Bedroom Spy

An erotic short story. This story is so hot, the rules don't allow it to be described completely. See the look-inside for the full description. Eighteen-year-old Ashley is a science geek who has no experience with guys. She also has a secret—a taboo lust for handsome Chris. But she knows nothing can happen between them, so she installs hidden cameras in his bedroom to spy on him. When Chris hooks up with an old girlfriend, Ashley records them having sex. But when Chris also seduces her best friend Leah, Ashley knows something is wrong. Will she continue to be frustrated by her forbidden desires, or will she and Chris cross that forbidden line? Contains graphic descriptions of taboo sex. Adults only. 15,733 words, or 63 standard pages, in length. (Not including supplementary material)
