

The Next Step

This book provides detailed insights on four essential parts of the game - technique, strategy, tactics, and the mental game. The aim of this book is to create a different type of an artifact and go beyond common basics. This book's goal is to describe numerous principles of table tennis and to show how to apply vast amount of table tennis knowledge to construct player's most effective game using the skills that the player has already mastered as well as to describe many other skills that the player may choose to develop to take the next step onto higher levels.
